Councillor Carmelo Pesce  
Mayor  
Sutherland Shire Council  
4 Eton Street  
SUTHERLAND NSW 2232

Dear Councillor Pesce

**Re: Proposed cruise ship terminal for Botany Bay**

I write on behalf of Bayside Councillors, our residents, local business communities and visitors to our beaches, to seek Sutherland Shire Council's support for the campaign to stop the proposed cruise ship terminal in Botany Bay.

As you are no doubt aware, the NSW Government is proposing to construct a mega cruise ship terminal in Yarra Bay, located to the immediate east of Port Botany. This is a whole of Botany Bay issue.

At the meeting of 13 November 2019, Bayside Council formally resolved to join with Randwick City Council, to strongly oppose the proposal and to contact all Councils whose communities would be impacted should this proposal go ahead.

The beaches of Botany Bay, stretching from La Perouse to Kurnell, are very popular, family friendly beaches, with the low swells allowing safe swimming and other recreational activities such as boating and fishing. It also represents a significant geographical location in our nation's history, being the point where European culture and Aboriginal culture first met.

The proposed terminal, whilst completely within the boundaries of Randwick City Council, would alter sea conditions and wave patterns throughout Botany Bay, threatening the very existence of our beaches and destroy many species of marine life. The dredging of the port, which is required to berth large cruise ships, poses a significant threat to coastal areas as high, redirected swells would cause large waves in locations that currently have protected beaches.

Much loved areas in the Sutherland Shire, including Towra Point, Kurnell and the pristine national park areas therein, would experience these changed conditions and the destruction of sandy beach areas. The sea bed sediment which would be disturbed by the dredging works would unleash decades of industrial contamination, to be washed onto beaches throughout Sydney.

Our beaches are priceless and everyday Australians have a history of rejecting business proposals that would remove their access and use of their local beach. The beaches of Botany Bay matter and deserve the same protection as all beaches throughout Sydney.

I ask that you join with Bayside Council, Randwick City Council and the growing number of voices that are sending a clear message to the NSW Government – No Cruise Ship Terminal in Botany Bay.

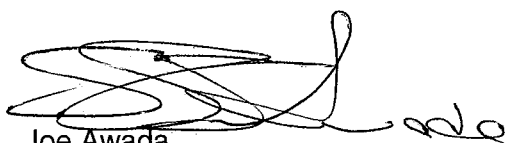

To join the fight I ask that you:

- make representations to the NSW Premier and the Prime Minister,
- promote our message on social media and your Council website, and
- encourage residents to lobby their local MPs, the Premier and the Prime Minister.

More information can be found on Bayside's [have your say](#) website.

My fellow Councillors and I look forward to working with the Sutherland Shire Council to oppose this proposal. I would be happy to discuss this further with you at your convenience.

Yours sincerely
