

# Events, Festivals and Programs at Bayside

The annual events program is a whole of council approach, covering major community events, special events celebrating national weeks or days, business as usual programs and one-off events. The major events bring our communities together to celebrate and share experiences such as our Multicultural Spring Fair while the smaller business as usual programs provide regular learning experiences for the younger members of our community, or an opportunity for our seniors to enjoy activities and companionship.

Key Events are highlighted in the following pages and a full list can be found on our website.
